

1ST ANNUAL LAMMERMEIER RIVERFEST PICNIC

The Paul Lammermeier Foundation is a response to the dedication and compassion of former St. Xavier High School teacher – Paul Lammermeier. He started at St. Xavier in 1974, taught there for fourteen years, and is best known for establishing the Community Service program. By the time Paul left St. X, over five hundred students participated in the program. Today, Community Service continues to thrive and is a national hallmark of the school.

An extension of Paul's community service called him to help the people of Peru. In 1988, Paul sold his belongings and put himself in the hands of the Lord. With students and friends, he shared a vision of establishing a home for homeless boys. The vision is now reality. Two houses – Casa Javier and Casa Ignacio – rescue, nurture and develop boys who otherwise would live a life of poverty and despair. Plans now include establishing a girls' home.

The first annual riverfest event is dedicated to furthering his cause.
